OFFICE

Plant Seed Company.

ST. LOUIS, January 2d, 1895.

To our Friends and Customers:

We herewith hand you our **Dealer's Trade Price List for 1895,** which cancels all previous quotations.

OUR PRICES.—Seed crops of 1894 were good, and quality as well as quantities have turned out satisfactory, which enables us to send to our customers seeds of the usual excellence and strong germination qualities. Some people have the impression that because we furnish high-quality seeds we are also high in prices; but this is not the case, and we respectfully ask all who have never bought of us before to compare our prices with those of any other first-class Seed House and they will be convinced that our claims for patronage are based not alone on superior quality, but on fair prices as well.

OUR TERMS:—All orders subject to approval.

GARDEN SEEDS.—All accounts for general orders of **Vegetable** and **Flower Seeds** are due JUNE 1st, 1895, without regard to date of purchase; a discount of one per cent. per month will be allowed for payments made previous to above date. This discount is allowed on general bills of Vegetable and Flower Seeds only.

Beans, Corn and **Peas** if ordered alone are Net Cash. No Discount.

Grass, Clover and Field Seeds, Fertilizers, Onion Sets, Potatoes, Bird Seeds are Net Cash, no Discount, at prices ruling from store the day of shipment, and are subject to draft at sight.

Grass and Field Seeds.—With our improved machinery we are enabled to clean these seeds thoroughly, and supply on orders any grade desired at current market prices.

In the process of recleaning, lower grades of Seeds are made that are suitable for common pasturage, or for sowing for green fertilizing, we will mail sample and name prices at any time on these lower grades if wanted in quantities.

OUR WARRANTY—Vegetable, Flower Seeds, Etc. We select our stocks with great care, and pay liberal prices for growing our Seeds; thus we secure **The Best.** Our importations are from the best known and most reliable growers in Europe. We carefully test all stocks of Vegetable Seeds as they come to our store and register the results, only sending out Seeds of strong germinating quality, rejecting all weak growths, and therefore feel justified in saying that all our seeds are the **purest and best to be found;** but at the same time it must be distinctly understood **that we sell no Seeds with warranty, express or implied, in any respect, and will not be in any way responsible for the crop.** *If our Seeds are not accepted on these terms they must be returned at once.*

When it is considered how many are the contingencies pending upon the success of any crop, the justice of the foregoing remarks will be appreciated.

SHIPPING.—Purchasers will please be explicit in giving directions in regard to shipping. When no such instructions are given, we shall exercise our best judgment in the matter; but we do not assume any responsibility, either for delay or otherwise, after the Goods leave our hands—the shipping receipt being our voucher that the Goods were received in good order.

Satisfactory Reference required from unknown correspondents asking for credit. No orders less than twenty dollars for Bulk Garden Seeds will be executed at Trade Prices.

Hoping to be favored with your orders,

We remain yours,

PLANT SEED COMPANY.

CABBAGE.

There is nothing of greater importance than reliable Cabbage Seeds. We know of having the best, purest and highest grade of Cabbage Seed that is offered, or at least it is surpassed by none. We need say nothing to those who have purchased our Cabbage Seed in former seasons, as to them its high quality is already known. To those who have never tried us, we can only say that our Cabbage Seed is the very best procurable. Every Seed we sell is grown from select, sound and most perfect shaped heads, and their quality can be relied upon.

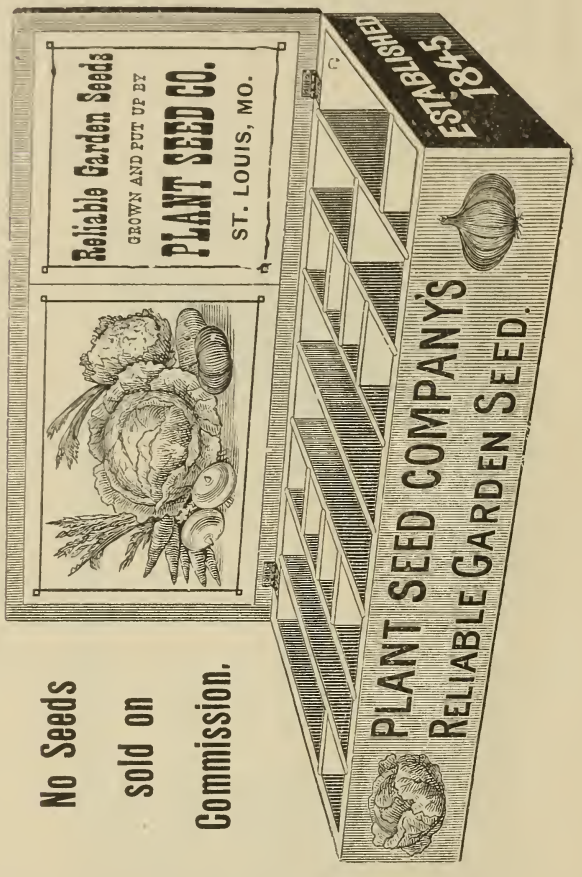
PLANT SEED COMPANY'S

Reliable Garden Seeds

IN CASES.



We offer the different assortments contained in cases for the convenience of Merchants who may not know just what they do require. These cases contain:

Full Size Papers of the best and most salable varieties of Vegetable Seeds. The Seeds we put up in these papers are of the same quality we sell to the most critical Market Gardener's Trade. They are Fresh, Reliable and True to Name. By retailing these papers at 5 cents each, or 50 cents per dozen, the Merchant will realize a handsome profit.

Our Garden Seed Cases are strong, nicely finished with chromo-lithographed label inside the cover. We send with each case show cards and other printed matter which will help the Merchants to sell our Seeds.
